

## Shuttle Transportation Schedule

As part of High School District 214's Reset, Redefine, Restart plan, the District has developed a transportation plan to provide flexibility for students to get to their school buildings as needed. Shuttles are scheduled to pick up students throughout the district who qualify for free transportation.

1. Shuttles are available to drop students off at their home schools for athletics and in-person activities after school. Additional shuttles are available to bring students home. Please note that athletes should take the "Act/Ath" shuttle to get to athletic practice. The early "Comp" shuttle is for students needing early transportation for athletic competitions.
2. As groups of students are invited back to schools, shuttles scheduled to and from each school throughout the day will begin operation. Shuttle schedules will coordinate with block times.

Schedules are attached for each shuttle to assist students and their families in planning (see below for an example schedule). While every effort has been made to be as accurate as possible, students should arrive at their bus stop five minutes before their scheduled time to allow for variations in traffic.

Students will be required to wear a mask at all times on the bus. Eating and drinking will not be allowed so that masks will remain in place. While students will be encouraged to socially distance, the Illinois State Board of Education allows up to 50 people per bus, so strict distancing may not always be possible. Buses will be thoroughly sanitized nightly; high-touch areas will be wiped down between runs.

Should you have any questions or concerns, please contact the Transportation Department.
